Short Biography

Steven L. Hairfield

www.hairfield.com

After being raised in a very dysfunctional family Steven entered the U.S. Army and found himself in Vietnam for two tours of duty. While there he met his first teachers, Zen Buddhist Monks where he learned of intuitive insight. He began to learn their teachings and traditions and spent as much time with them as the military would allow. Upon returning to the U.S. he earned his undergrad degree in the field of psychology and upon graduation found himself with an urge to travel to India. Upon his arrival in India he began the journey of his life after encountering two Tibetan monks who invited him to come and learn in Northern India where he spent six years studying the Mahayana Tibetan Buddhist path. While there he had the opportunity to not only study in India but also in Nepal and twice into Tibet and had

many experiences that could be termed as mystical connecting with all of his past lives. Steven is a certified intuitive by the Edgar Cayce Foundation known as the A.R.E. Association for Research and Enlightenment and they only select 200 people for a seven year service. He has been interviewed by Coast to Coast, Conscious Media network, Supreme Master T.V. which was aired in 43 different countries and is featured in the documentary 'Metaphysia 2012' because of his knowledge of the Maya and the mystical date of Dec. 21, 2012. He is the author of 'A Metaphysical Interpretation of the Bible' and 'The Twelve Sacred Principles of Karma'. He also has many downloads available like 'The Art of Manifesting a Monk's Perspective', 'The Power of Thought'. He has since received a Masters in Religion and Theology and a Ph.D. in Metaphysics.
